

Your pharmacy benefits with Prime Therapeutics

Prime Therapeutics (Prime) is your pharmacy benefit manager. We want you to have the best and simplest experience, and we're focused on getting you the meds you need when and how you need them.

Using your benefits at retail pharmacies

Please show your member ID card and prescription at any network pharmacy to get your drugs. We offer a large network of major chains, regional pharmacies and independent stores. Visit our website at PrimeTherapeutics.com/Pharmacy to find a pharmacy.

Making the most of your benefits

The choices you make play a key role in how well your pharmacy benefits work. Here are a few helpful tips:

- **Ask for generics:** When generic drugs are a choice, they can help you save money. Generic drugs often cost less and work as well as brand-name drugs.
- **Take your drugs as directed:** Taking drugs as prescribed is one of the best things you can do to stay healthy and avoid medical problems. Missing doses, stopping drugs early or swapping drugs with other people can lead to problems that can impact your health.
- **Get over-the-counter (OTC) products:** Some drugs that used to be offered only by prescription (e.g., Claritin, Prilosec and Zyrtec) are now offered OTC. Ask your doc-tor if an OTC drug is right for you.
